

Report student immunization

Updated September 2017

To report your child's immunization

- [Report online](#) (allow 2 business days to process)
- **Call:** 416-392-1250
- **Mail** a photocopy of your child's immunization record to:

Toronto Public Health-Immunization
235 Danforth Avenue, 2nd floor
Toronto, Ontario M4K 1N2

Ontario's *Immunization of School Pupils Act (ISPA)* requires parents of children attending elementary and secondary school provide their local health unit with proof of their child's immunization against the following designate diseases:

- measles
- mumps
- rubella
- diphtheria
- tetanus
- polio
- meningococcal
- whooping cough (pertussis)
- chickenpox (only applies to kids born on or after 2010)

All the vaccines needed for school are free. Make an appointment with your health care provider if your child needs any of the above vaccines. **It is the parent's responsibility to update their child's immunization record or provide a valid exemption form to Toronto Public Health.** For parents who choose not to have their child vaccinated for medical, religious or philosophical reasons, please call us.
